Summary: Remake of "I'm in love with a stripper" by T-Pain... lol

I'm in luv wit an AI

First off, this is meant to be a parody...

Secondly, you would want to do this in order...

1) listen to T-Pain's "I'm in love with a stripper"

2) then read this remake...

it would be a little more funny at least, OR you can listen to the song while reading this.

Disclaimer: I do not own anything related to Bungie, or T-Pain's song

A/N: review if you want, but please don't flame... this story came up as an idea when I was reading a Halo fanfic called "Je Mourrais", good story

Also, if you can guess as to who the AI is, well thats the easy part

I want you to guess who is in love with the AI lol!

Hint: I support C x C :P
